EDUCATION

Northwestern University **Evanston, IL**

*B.S. in **Journalism** and **Data Science*** **Expected** *December 2026*

- Cumulative GPA: 3.82/4.00 | Dean's List | ACT: 36/36

PROFESSIONAL EXPERIENCE

Chicago Public Media **Chicago, IL**

Data and Investigations Intern *July 2026 - September 2026*

- Building an interactive website from scratch for IDOT's annual traffic stop data, developing the front end with JavaScript and modern web frameworks (Astro, Svelte, React, SCSS) and redesigning the user experience through Figma prototypes, audience personas, and UX research
- Report data-driven stories by filing FOIA requests, cleaning and analyzing public records with Python/Pandas and Excel, conducting interviews and writing; create newsroom graphics and visualizations in Datawrapper

The Dallas Morning News **Dallas, TX**

Data and Interactives Intern *April 2026 - June 2026*

- Built Python web scrapers and data pipelines (Requests, BeautifulSoup, Pandas) to collect transportation and travel datasets (jet fuel prices, TSA passenger volumes, I-94 arrivals), processing 100+ Excel files with 20+ tabs each and conducting data cleaning and analysis for original reporting on post-pandemic international travel trends
- Cloned, localized, and deployed interactive data dashboards from Hearst DevHub templates for use at The DMN, adapting datasets and newsroom codebases for local reporting projects like power outage and data center trackers

The Daily Northwestern **Evanston, IL**

Web Developer / Assistant Polling Editor *January 2025 - present*

- Collaborate with reporters from story conception through publication, designing and building scrollytelling experiences and special coverage pages using HTML, CSS, JavaScript and React
- Led the Polling Desk to field a campus-wide survey (700+ responses), managing outreach, instrument design, data cleaning/analysis, and visualization; wrote a data-driven feature highlighting yearly shifts in student sentiment

PROJECTS

Local News Lens **Evanston, IL**

Technology Lead *September 2025 - December 2025*

- Researched inequity in local news and collaborated with Block Club Chicago to build a newsroom-facing interactive R/Shiny dashboard that maps Chicago's 77 community areas, analyzes topic distribution and geographic representation, and integrates 2020 Census demographics to surface coverage patterns and blind spots
- Prototyped a fully functional tool by scraping 28k+ articles, generating standardized topic tags via AI, structuring data in RStudio and GitHub, and iterating through UI design, user testing, and newsroom feedback sessions

To Kyiv & Kakhovka, With Love **Evanston, IL**

Producer & Director *April 2025 - June 2025*

- Directed, filmed, and edited a 20-minute documentary on Ukrainian students navigating life in the U.S. amid the war, using interviews and visual storytelling to explore themes of resilience, displacement, and identity
- Led a three-person production team through research, filming, and post-production using Adobe Premiere Pro, crafting a narrative that highlighted how the war and shifting U.S. policies shape students' hopes and experiences

ADDITIONAL SKILLS

Technical: Python (Pandas, BeautifulSoup, Requests), R (tidyverse), JavaScript, HTML/CSS/SCSS, React, Astro, Svelte, Git/GitHub, Tableau, Flourish, Datawrapper, Excel

Design: Adobe Photoshop, Adobe Premiere, Canva, Figma, Microsoft Office Suite

Languages: Korean (Native), English (Native), French (Intermediate)
